ABOUT THIS REPORT

We are pleased to present our second Integrated Report for the year 2022. Through this report, we aim to demonstrate Awnic's progress and commitment to our sustainable development. We also take this opportunity to express our support for ADX's initiative to drive sustainability and the Abu Dhabi Economic Vision for 2030. This report highlights Awnic's national & global efforts to adopt sustainable operations through all the activities in the insurance space. Awnic strives to showcase the highest levels of integrity and competency through this report.

Comparability

We aim to demonstrate our sustainability, business and investment commitments that we have integrated across the company through our quantitative targets, key performance indicators, and performance data. Moreover, we would like to acknowledge that these measures are prone to evolution as the company grows and adapts to the dynamic market. We aim to balance carefully across stakeholders as we deliver benchmark results at scale and build resilience in a dynamic world.

BOARD OVERSIGHT

As a National Insurance Company, Awnic's Board of Directors believes that insurance is a socially responsible product to deliver, as it relies heavily on bringing security and assurance to people and businesses alike. Hence, they committed to being Environmentally conscious, being a force for Social good, and operating with the highest standards of Governance (ESG). They oversee and take the responsibility of disclosing fair relevant data to improve Awnic's sustainability disclosures for internal decision-making and our external stakeholders.

DISCLAIMER

AWNIC has made every effort to ensure the accuracy and reliability of the information presented in this report. However, certain statements may be forward-looking. These are based on certain assumptions using currently available information which is subject to a continuously changing environment and emerging new risks. AWNIC assumes no obligation to publicly update any information made in this report.

FEEDBACK

We welcome your valuable feedback and suggestions at sustainability@awnic.com

"In line with the UAE's declaration of 2023 as the Year of Sustainability, AWNIC is reinforcing the country's commitment by taking actions today to secure tomorrow."

CHAIRMAN'S STATEMENT

Dear Stakeholders,

As representatives of AWNIC, we express our gratitude to you for being an essential stakeholder in our journey. Our Integrated Report 2022 outlines the key aspects of our organization's work in Environment, Social, Governance, and Economic (ESG & E) parameters in 2022 and highlights our plans for 2023 in these areas.

Today, the world faces numerous challenges, such as climate change, natural disasters, among others. In these times, insurers play a crucial role in securing the future by providing safety through insurance. AWNIC has always been committed to providing safety during challenging times.

We are strategically positioned to welcome world leaders to the UN Climate Change Conference, COP28, in 2023 by providing innovative insurance solutions that address climate change.

Our initiatives for sustainability include a high Emiratization rate of 12%, which is double the 6% target set by authorities for 2024, promoting local UAE suppliers (68.44% of total suppliers), insuring 336 eco-friendly vehicles, conducting blood donation drives, and many more. Our plans for 2023 and beyond prioritize sustainability parameters.

We recently received the 'Innovation of the Year' award at the Golden Shield Excellence Awards by InsureTek, in recognition of our best-in-class digitalization of services and outreach to clients via their palm tops.

I would like to thank the Awnic team for their innovative ideas and calculated risks that have enabled us to secure the future of many. I also thank the leaders of the UAE for their belief in achieving the impossible through qualitative efforts.

In conclusion, I would like to reiterate that all stakeholders are crucial in our journey towards being recognized as 'The Company of Choice.' We remain committed to working diligently towards our promise of a safe world. We encourage you to peruse Awnic's Integrated Report 2022 for more information.

Bin Butti Al Hamed
Chairman**

CEO STATEMENT

Dear Stakeholders,

While the UN Climate Change Conference COP28 is set to take place in the UAE in 2023, we have always believed in taking fast actions on imperative matters, including sustainability.

AWNIC, was the first insurance company in the entire UAE to publish its Sustainability Report in 2019, due to our utmost considerations to 'People, Planet & Profit'.

Now that Sustainability Reporting is mandatory compliance, we take pride in our team stepping ahead and presenting our second 'Integrated Report 2022'.

I am pleased to report that the past year has been a successful and profitable one for our company, as we continued to deliver value to our customers and shareholders while navigating a challenging market environment.

The reason to do so well, time and again, is due to our strong pillars - People. Be it our team, partners, clients, communities or other stakeholders, we always strive to provide them with a good experience. This is evident in the fact that employee well-being, online servicing to customers, and value chain management remain on top of our agenda. Through our long-term vision and planning, we have ensured the job security of our vital resources - our employees and ensured service continuity to our key stakeholders - our policyholders.

“When the world is experiencing unpredictable changes due to the climate crisis, we take the courage to be the flag bearer of the insurance industry to protect the future of generations.”

We focus on Tech innovations and sustainability to bring excellence in our operations. Evidently, our CSAT (Customer Satisfaction) score is above 90% since 2019 and is above the industry benchmark. Over the years, Al Wathba National Insurance Company has strived to maintain its consistent record of acting responsibly and positively impacting our community through our structured operational presence. Consequently, our community investment has increased threefold in the past 5 years.

We are aiming to work on both ends - bringing sustainable practices into our operations and partnering with companies that have commitments towards responsible & sustainable business practices. Citing an example, one of our upcoming real estate buildings is compliant with Green Building codes and standards. AWNIC is determined to foster innovations in its operations as well as in green insurance products to heal our planet faster.

We acknowledge the importance of trust in the insurance sector. That is why we continue to align sustainability into our business and investment strategy.

We aim to use this integrated report as a medium to provide insight to all our stakeholders regarding the progress of three main strategic pillars - ESG amalgamated with Finance and Strategy. We at AWNIC are committed to delivering our corporate responsibility through enhancing our customer services, honoring timely claims, serving the community, and making long-term local investments.

We would like to use this opportunity to thank our esteemed stakeholders and highlight that this integrated report will catalyze self-assessment and continued improvement in our sustainable journey. We will do our best to scale our digital capabilities and continue to pursue wise investments to make us sustainable. We assure an equal opportunity to our employees and a virtuous 'future proofing' service to the clients, with an aim to be a vital part of UAE's growth story, for strengthening the community, together.

- Bassam Adib Chilmeran
CEO

AWNIC AT A GLANCE

Aspiring to be

THE COMPANY OF CHOICE

RATINGS AND CERTIFICATIONS

1st listed insurance company in the UAE to become triple certified with ISO 9001:2015 (QMS), ISO 14001 :2015 (EMS) and ISO 27001:2013 (ISMS).

“ We understand the risks associated with insurance business operations and their implications on the society and environment. Thus, integrating ESG factors and applying principles for sustainable insurance in our core activities is our way to achieve the long-term strategic objectives of being a sustainable insurer with profitable growth on the one hand and having a positive influence on society and the environment on the other.

”

OUR APPROACH

- **Environmental stewardship**

AWNIC understands the threat that climate change poses very seriously, which is why we strive to reduce our environmental footprint to the best of our abilities. We prioritize the efficient use of energy & water, waste recycling, supporting green products, and promoting ecological sustainability within our value chain.

- **Empowering people and the community**

By laying the foundation for a safe and empowered workplace, we aim to exemplify our commitment to human rights and non-discrimination. This is integrated in our Code of Conduct and related policies. Hence, we remain committed to our social responsibility towards the community in which we operate.

- **Corporate governance and responsible business practices**

AWNIC aims to cultivate sustainable relationships with our stakeholders by acting responsibly through our business value chain. This is formalized through comprehensive compliance policies which provide the framework of ethical business practices for all stakeholders. AWNIC maintains an exemplary compliance track record and remains committed to comply with all regulatory requirements through strong governance standards.

STAKEHOLDER RELATIONSHIPS AND ENGAGEMENT CHANNELS

Our stakeholder relationships play an integral role in helping us understand the internal and external stakeholder perspectives and opinions as they form a core component of materiality assessment. It is crucial to ensure that there is continued improvement to the stakeholder engagement process as it aids in developing holistic solutions and addressing the concerns moving forward. Engagement with our various stakeholders takes place through various platforms. Our stakeholders can be divided into the categories below:

Employees

Customers

Suppliers
and
Business
Partners

Regulatory
Authorities

Shareholders
and Investors

Industry

01 Employees

Listening to our employees' suggestions, opinions, and ideas allows us to ensure that AWNIC develops its workplace in a positive manner and continues to generate long-term value for all employees and customers.

- Intranet
- Newsletters
- CEO Communications
- Management Meetings
- Surveys
- Team building & inhouse training events

02 Customers

Engagement with customers is vital as it helps us streamline our services, product provision, and other processes.

- Customer services & interaction via Call, Website, WhatsApp Business, email, etc. NPS Surveys & Feedback

03 Suppliers and Business Partners

- Trainings & Workshops
- Events
- Service portals
- Personal contacts

04 Regulatory Authorities, media, society and others:

Engaging with civil society, governments and institutions helps us accelerate positive change and effectively contribute towards regulation and tiered stakeholder partnerships.

- Voluntary Participations
- Interviews
- Publications & Social Events Exchange of ideas & communications with regulators
- Projects & Surveys

05 Shareholders and Investors

We at Awnic believe that constant engagement with our investors and shareholders allows us to effectively communicate our sustainability strategy and performance with them. The following modes of communications allow them to make informed decisions about their investments, and to understand their expectations of our business.

- Market Disclosures
- General Assembly Meeting
- Personal Contacts by Investor Relations
- Corporate Notices

06 Industry

- Networking Events / Conferences

Materiality Metrics

Conducting a materiality analysis is crucial as it facilitates the identification of societal objectives most relevant to our vision and business strategy.

By actively involving our stakeholders and mapping their apprehensions on a matrix, we are able to recognize the aspects that bear the most significant influence on our economic, social, and environmental performance, including those that may potentially sway stakeholder views and decisions in the future. We strive to involve both internal and external stakeholders and integrate strategic insights into our analysis.

OUR OPERATING ENVIRONMENT

We operate in a healthy yet competitive environment with strict laws and regulations impacting us directly and indirectly. We foresee the vital contribution of digitalization now and in the future for the insurance market and work towards our betterment as per current market scenarios.

REGULATORY REVIEW

RISKS AND OPPORTUNITIES

TECHNOLOGICAL ENVIRONMENT

COMPETITIVE LANDSCAPE

REGULATORY REVIEW

Insurance has been governed and supervised by four different regulatory authorities since the establishment of insurance services in the UAE.

Ministry of Finance, Economy and Industry

Federal Law No. 1 of 1972 on the Jurisdictions of the Ministries and the Competences of the Ministers

1972

Insurance Authority

Federal Law No. 6 of 2007 on Establishment of the Insurance Authority and Organisation of its Operations

2007

1984

Ministry of Economy

Federal Law No. 9 of 1984 on Insurance Companies and Agents

2020

Central Bank of The UAE

Federal Law No. 25 of 2020 regarding the amendment of some provisions of the Decretal Federal Law No. (14) of 2018 regarding the Central Bank and Organisation of Financial Institutions and Activities

In the year 2022, there were several key regulatory changes that impacted AWNIC's operations in the UAE. These changes included:

01

Data protection and privacy regulations:

AWNIC is committed to adhering to the Personal Data Protection Law of UAE. Our robust IT infrastructure is accompanied by strong governance mechanisms to protect the data of customers as well as employees. Cybersecurity is managed by an Information Security Officer under the supervision of the Audit Committee. AWNIC also has an Information Security Governance Committee, comprised of key members of the executive management.

AWNIC is in full compliance with the Signals Intelligence Agency (previously the National Electronic Security Authority) and Abu Dhabi Health Information and Cyber Security's requirements. Moreover, we were the first UAE insurance company to become ISO 27001 certified by the end of 2020. This certification provides assurance that the company has the necessary processes and procedures in place covering information security, physical security, and business continuity.

02

Internal Controls over Financial Reporting (ICFR):

According to the requirement of CBUAE to have a separate opinion by External Auditor on the effectiveness of Internal Controls Over Financial Reporting (ICFR), AWNIC has established a comprehensive system of ICFR that includes periodic assessments, internal audits, and risk management practices.

03

Internal Audits:

The Internal Audit focuses on areas like - Conducting of Risk Based Auditing (RBA), carrying Investigations, undertaking Special Assignments, Reviews and Branch visits. The Function submits the Annual Internal Audit Plan to the Audit Committee, for review and approval. The plan prioritizes the work of Internal Audit for the year based on risks in each class of business prevailing at the time of preparation of audit plans.

04

Sustainability Policy regulations:

AWNIC's Sustainability Policy applies to its employees across the UAE. We remain committed to meet the expectations of our stakeholders by aligning our business model with SDGs as well as GRI standards and working together for a positive future. This is a core aspect of our Corporate Social Responsibility as a corporate citizen and falls under the responsibility of each and every AWNIC employee.

These regulatory changes required AWNIC to update its policies, procedures, and insurance products to remain in compliance. AWNIC successfully adapted to these changes, achieving high compliance rates and continuing to provide customers with high-quality insurance products and services.

TECHNOLOGICAL ENVIRONMENT

AWNIC recognizes the importance of technology in the insurance industry and has continued to invest in technology to enhance our products and services. In the 2022 fiscal year, we observed several key technological changes in the UAE market. These changes included:

01

Increase in digital adoption:

The COVID-19 pandemic has accelerated the adoption of digital technologies in the UAE, including the use of mobile applications, online portals, and digital payments. To ease this, AWNIC has in place a mobile application to allow customers to purchase insurance, file claims, and access policy information through their mobile devices.

02

Rise of Insurtech:

The UAE market has seen the emergence of Insurtech startups, which are using technology to offer innovative insurance products and services. This sector has been thriving in the Gulf Cooperation Council (GCC). As per a report by Mordor Intelligence, the insurtech market in the region was anticipated to grow at a CAGR of over 6% between 2019 and 2028. At AWNIC, we are committed to adapting to such growing demands in the market and responding to them for customer satisfaction.

03

Advancements in data analytics:

The use of data analytics has become increasingly important in the insurance industry, allowing companies to analyze customer data and develop targeted products and services. AWNIC has invested in data analytics technology to better understand customer behavior and preferences, resulting in a high customer retention in 2022.

To ensure that we remain at the forefront of technology in the insurance industry, AWNIC has continued to invest in technology, research, and development. As the technological environment continues to evolve, AWNIC remains committed to leveraging technology to enhance our products and services and meet the changing needs of our customers.

COMPETITIVE LANDSCAPE

The insurance market in the UAE remains highly competitive, with numerous local and international players offering a wide range of products and services. In the 2022 fiscal year, AWNIC faced several challenges and opportunities within the competitive landscape, including:

01

Price competition:

Price competition remains intense in the UAE insurance market, with many companies offering discounts and promotions to attract customers. In spite of this, AWNIC has managed to stay competitive.

02

Increasing focus on customer experience:

In response to the changing customer expectations, many insurance companies have increased their focus on customer experience. AWNIC has invested in customer service training and technology to improve the customer experience, resulting in an increase in customer satisfaction in 2022.

03

Emergence of new competitors:

The UAE insurance market has seen the emergence of several new competitors, including Insurtech startups and international players entering the market. To combat this, AWNIC has revamped its business plan with various new additions to meet the evolving needs of customers.

Despite the challenges, AWNIC has continued to maintain its position as one of the leading insurance companies in the UAE. Looking ahead, AWNIC will continue to monitor the competitive landscape and invest in technology, research, and development to ensure that we remain competitive and provide high-quality products and services to our customers.

The insurance market in the UAE remains highly competitive, with numerous local and international players offering a wide range of products and services. In the 2022 fiscal year, Awnic faced several challenges and opportunities within the competitive landscape, including:

RISKS

01 Economic downturn:

The UAE's economy remains vulnerable to global economic conditions and geopolitical risks, which could result in a decrease in demand for insurance products and services. In response, Awnic has developed a contingency plan and diversified our portfolio to reduce our exposure to economic fluctuations.

02 Regulatory changes:

The UAE insurance industry is subject to regular regulatory changes, which could impact our operations and financial performance. Awnic is committed to meet regulatory compliances to monitor and comply with regulatory changes and mitigate any potential risks.

03 Cybersecurity threats:

With the increasing use of technology in the insurance industry, cybersecurity threats remain a significant risk. Awnic has invested in robust cybersecurity measures and conducted regular audits to ensure the safety of our customers' data.

Some other threats include High Broker Commissions in the Market, Reduction in the Average Rates for Motor Line of Business on Account of Increased Competition and Counterparty Credit Risk from Motor Recoveries.

OPPORTUNITIES

01

Growing demand for insurance:

The UAE's growing population and increasing awareness of the importance of insurance present significant opportunities for growth. AWNIC has developed new products and services to meet the evolving needs of customers and expand our market share.

02

Advancements in technology:

The use of technology in the insurance industry presents significant opportunities for innovation and efficiency. AWNIC has invested in technology and research and development to enhance our products and services and provide a seamless customer experience.

03

Cyber Strategic partnerships:

Partnerships with other companies and startups in the insurance and technology sectors can provide significant opportunities for growth and innovation.

Few other opportunities include Ample Growth Potential Through New Product Lines (e.g., Travel, Pet, Cyber, etc.), Scaling through Digital Marketing, Growth through Direct Business (versus reliance on brokers) and Re-entering the Health Insurance Market.

Despite the potential risks and challenges, AWNIC remains optimistic about the future and is committed to leveraging our strengths and opportunities to continue to grow and provide high-quality products and services to our customers.

FINANCIAL CAPITAL

Management Approach

With our diversified insurance portfolio mainly based on motor insurance, we aim to create long-term sustainable value for our shareholders while maintaining policyholder interests. We therefore place a high priority on financial stability and profitability.

Financial Performance

FINANCIAL PERFORMANCE

This section provides a comprehensive overview of the company's financial performance and its ability to generate value over the long term. It highlights the key financial metrics and initiatives undertaken by the company during the year.

PRODUCT MIX

For the FY 2022, the total Gross Premium amounted to 306 Mn AED, depicting a decline of 3% as compared to 2021. Net premium for AWNIC has decreased by 30%, standing at 152 Mn AED for the FY 2022. This is due to decrease in retention, mainly in the motor line of business.

AED'000

GROSS PREMIUM GROWTH RATE

NET PREMIUM GROWTH RATE

The net incurred loss ratio for the Company has increased from 54% in FY 2021 to 69% in FY 2022 and expense ratio has increased from 19% in FY 2021 to 24% in FY 2022. The increase in net incurred loss ratio is due to combination of two factors. Firstly, net incurred claims have increased, and secondly, the net earned premium has decreased. The decrease in net earned premium has also led to increase in expense ratio for the company.

COMBINED RATIOS BY LOB

TOTAL COMBINED RATIO

The company has depicted a stronger position for Liabilities to Equity, Liability to Assets and Assets to liabilities ratio for the FY 2022 as compared to 2021 and 2020. This can be mainly attributed to the significant decrease in borrowings (Liabilities) during the year (by 40%).

CAPITAL ADEQUACY RATIOS

Among the 28 listed insurance companies, AWNIC accounts for 1% of the total Gross Written Premium (approx. AED 29 billion) for FY 2022.

MARKET SHARE

Gross written premium

Net Profit Share

EARNINGS RATIOS

- Net total profit to net written premiums
- Net Underwriting profit to net written premiums

- Investment yield
- Return on assets
- Return On Equity

LIQUIDITY RATIOS

SENSITIVITY RATIOS

ASSETS = EQUITY + LIABILITIES (AED'000)

The above financial highlights demonstrate AWNIC's continued growth and its ability to deliver sustainable returns to its stakeholders. AWNIC remains committed to creating value for its shareholders while delivering quality products and services to its customers.

Economic Value (AED'000)

	2022	2021	2020

Our Participation in Industry
Associations for Spreading Awareness-

- Emirates Insurance Association (EIA)
- Gulf Insurance Federation
- Insurance Business Group (IBG)
- Federation of Arab Insurers and Reinsurers (FAIR)
- British Business Group (BBG)
- General Arab Insurance Federation (GAIF)

- AWNIC sponsored the annual Dubai Cares Walk for Education, which raised funds to support education programs for children in developing countries.
- We organized a blood donation drive in partnership with the Dubai Blood Donation Centre, where our employees donated a total of 65 units of blood.
- As part of our commitment to healthcare, we partnered with a local hospital to provide medical equipment for children with disabilities, and we donated AED 100,000 to support their rehabilitation programs.
- We also conducted an environmental awareness campaign in collaboration with a local NGO, where we planted trees and raised awareness on the importance of preserving the environment.

Through these initiatives and partnerships, we have contributed to the well-being of the communities we operate in, and we remain committed to continuing our efforts in this regard.

SUPPLIER SELECTION PROCESS

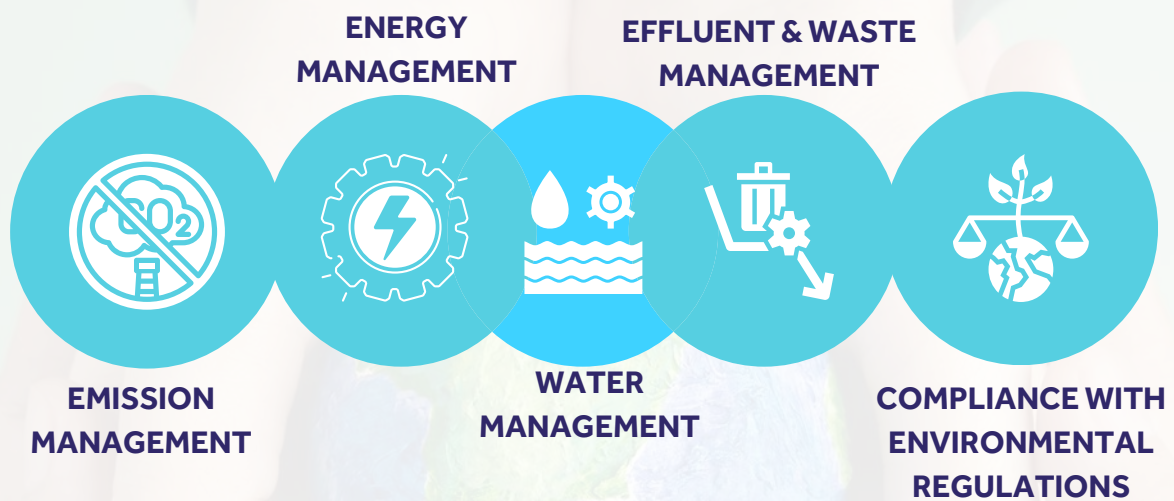

We are committed to building long-term relationships with our business partners based on trust, respect, and shared values. By working together, we believe that we can achieve sustainable growth and create shared value for all our stakeholders.

NATURAL CAPITAL

Management Approach

Our business practices are committed to promoting environmentally sound practices for future generations. We are focused on integrating ESG into our business and investment strategies.

AWNIC Started Reporting on it's Natural Capital in 2019; October 2021- UAE joined globally to fight climate change by targeting net zero.

UAE net zero 2050 initiative - AED 600 billion investment in clean & renewable energy projects over the next three decades.

The Emirates became the first country in the MENA region to make this pledge.

OUR SUPPORT TO EVM - SUSTAINABLE MODE OF TRANSPORTATION

Eco-friendly vehicles insurance at a preferential premium:

Eco friendly vehicles insured:

CARBON FOOTPRINT REDUCTION STRATEGY:

We encourage our employees to follow eco-friendly practices such as-

INITIATIVES TO TRACK AND REPORT OUR EMISSIONS :

- ✓ Comprehensive reporting system
- ✓ Verification of emission data by third party auditors

This ensures compliance with international standard and accuracy in our operations

Through these measures, AWNIC is committed to managing our emissions and reducing our carbon footprint, contributing to a more sustainable future for all.

Identified Emission Sources

- ⚡ Scope 1 (Direct Emissions) - Fuel Consumption
- ⚡ Scope 2 (Indirect Emissions) - Purchased Electricity in office building and common areas of owned buildings
- 🚚 Scope 3 (Other Indirect Emissions) - Water Consumption and Waste Disposal

GHG Emissions in tCO₂e

Note - The significant difference in Scope 3 GHG emissions from last year is due to the inclusion of Waste into our GHG calculations.

GHG Emissions Intensity per employee in tCO₂e

with our sustainability partners -

The One Percent

in 2023.

ENERGY MANAGEMENT

AWNIC recognizes the importance of sustainable energy management and its impact on the environment. As part of our commitment to reducing our carbon footprint, we have implemented several measures to improve energy efficiency and promote the use of renewable energy sources.

Performance Tracking and Targeted Goal Setting-

Our Energy-saving measures:

- ✓ LED lighting
- ✓ Occupancy sensors
- ✓ Energy-efficient air conditioners/HVACs
- ✓ Conduct regular audits to improve energy efficiency

We aim to align with

UAE Energy Strategy 2050

(increase efficiency of energy consumption of the corporates by 40%)

Agenda for Sustainable Development 2030

UNSDGs

the Paris Climate Agreement

Integrating ESG in AWNIC's DNA

"Regular communication with our employees to promote energy conservation and encouraging them in adopting sustainable practices"

Energy Consumption

Reduced by

10%

Equivalent to 41 tons of CO₂ emissions

from 2020 to 2021

Energy Consumption

Energy Intensity per employee -

ENERGY MIX 2022:

AWNIC is committed to continuously improving its energy management practices and reducing its environmental impact. We will continue to monitor and report our energy consumption and work towards achieving our sustainability targets.

WATER MANAGEMENT

We're committed to reducing our water consumption. Our Water Management strategy focuses on reducing the amount of water we use and promoting efficient water use throughout the organization.

Our Water Conservation Initiatives -

- ✓ Constant check on water leaks
- ✓ Low-flow faucets & fixtures
- ✓ Recycled water for irrigation purposes

Water Reduction Targets:

AWNIC has set water reduction targets, which are regularly reviewed and monitored.

In 2021, we achieved a

5% reduction in water consumption compared to 2020.

Employee awareness:

We conduct regular training and awareness sessions for employees on water conservation and efficient water use.

Water Quality Management:

Implement measures to improve the quality of water where necessary

AWNIC is committed to continually improving its water management practices and reducing its water footprint in line with local regulations and international best practices.

EFFLUENT AND WASTE MANAGEMENT

At AWNIC, we recognize the importance of managing our waste and effluent to reduce our environmental impact.

Comprehensive Waste Management System Implemented across all our offices and branches.

- ✓ Waste segregation
- ✓ Recycling
- ✓ Disposal
- ✓ Partnership with accredited waste management companies to collect, transport, and dispose of our waste in an environmentally responsible manner.
- ✓ Timely waste audits

All these initiatives help us in reducing the waste we generate and increase recycling

Paper Management:

58% Reduction of paper sheets in 2022 as compared to 2021

2022 - Total paper recycling

16,005 kg

Waste recycling in kg:

We are continually reviewing and improving our systems to ensure that we minimise our environmental impact and contribute to a sustainable future.

COMPLIANCE WITH ENVIRONMENTAL REGULATIONS

At AWNIC, we recognize our responsibility to protect the environment and are committed to complying with all applicable environmental regulations. We strive to minimize our environmental impact through responsible management practices and continuous improvement. Here are some of the ways we ensure compliance with environmental regulations:

- ✓ Regular monitoring of emissions and waste streams to ensure compliance with local and national regulations
- ✓ Implementation of an Environmental Management System (EMS) to monitor and manage our environmental impacts, which is certified to ISO 14001 standard
- ✓ Ongoing efforts to reduce our carbon footprint, including the use of energy-efficient equipment and systems, and the promotion of sustainable practices throughout the company
- ✓ Continuous engagement with regulators and stakeholders to stay up-to-date with changes to environmental regulations and ensure compliance
- ✓ Participation in industry-wide initiatives and programs that promote sustainable practices and compliance with environmental regulations

"We believe that our commitment to compliance with environmental regulations not only helps us to protect the environment but also contributes to our long-term success as a responsible and sustainable business."

HUMAN CAPITAL

Management Approach

We foster a positive work culture through employee engagement program and continuous learning. As an sustainable employer, we are committed to bring 'The company of choice' even for our employees.

Continuous Employee
Engagment activities

Celebrating Festivites

OUR BLOOD DONATION DRIVE

Our employees actively participated in our CSR program by donating blood, showcasing their commitment to community welfare.

We actively support and encourage our employees to participate in initiatives that benefit the community.

AWARD TO OUR VALUED EMPLOYEES FOR THEIR LONG TERM OF SERVICE

We are proud to recognize and honor our valued employees who have shown dedication and commitment by serving our organization for a significant period of time. Our long-term service awards are a symbol of our appreciation for their loyalty and contribution towards the success of our company.

UAE 2022 NATIONAL DAY CELEBRATION

As a leading insurance company operating in the UAE, we take pride in celebrating the country's rich cultural heritage and national events. On the occasion of UAE National Day, we organized various activities and festivities to showcase our appreciation and support for the country and its people. Our celebrations reflected our commitment to promoting national unity, cultural diversity, and inclusivity in the workplace.

EQUAL APPRECIATION TO OUR VALUABLE EMPLOYEES

We believe in celebrating diversity and inclusivity in all its forms. On International Women's Day and Father's Day, we take a moment to recognize the invaluable contributions of the pillars of our families. We honor the women who work hard to pave the way for future generations. We applaud the fathers who provide unwavering support and love to their families, both in and out of the office. Together, we celebrate the resilience and strength of both women and fathers, and we are proud to have them as an integral part of our workplace community.

FAMILY PICNIC

As part of our commitment to fostering a positive work environment and promoting team building, we organize family picnics for our employees. These events provide an opportunity for staff members to strengthen their relationships with one another, as well as to engage in leisure activities with their loved ones.

WELLNESS CHALLENGE WINNERS

"Hustle for that Muscle" weight loss challenge

We prioritize employee wellness and organize workshops, sessions, and challenges to motivate our staff to maintain physical and mental fitness. By investing in their health, we aim to enhance productivity, reduce absenteeism, and foster a positive work environment.

WE CONDUCT SEVERAL WORKSHOPS AND AWARENESS SESSIONS YEAR ROUND FOCUSING ON HEALTH & WELLNESS

At Awnic, we believe that employee wellness is essential to the success of our business and we are dedicated to providing our staff with the resources and support they need to achieve optimal physical and mental health. To this end, we conduct a series of workshops and awareness sessions throughout the year, aimed at promoting healthy habits and empowering our employees to take control of their well-being. We remain committed to fostering a culture of wellness and to investing in the health and happiness of our workforce. We faced 0 work-related injuries in 2022.

STRESS TRANSFORMATION WORKSHOP

The stress transformation workshop organized for our employees is a step towards sustainable employee well-being as it promotes mental and emotional health.

EYE - CHECK UP FOR OUR EMPLOYEES

Organizing free eye check-ups for our employees demonstrates our commitment to promoting their well-being and ensuring they have access to preventive healthcare, ultimately leading to a healthier and more productive workforce.

CELEBRATING FESTIVITIES

At AWNIC, we recognize the importance of diversity and inclusivity and celebrate various festivals, including Christmas, to promote a harmonious work environment. Our staff exchanged gifts during the festive occasion, fostering a spirit of camaraderie and positivity amongst the team.

In addition to Christmas, we also celebrated Diwali, recognizing the cultural diversity of our staff and promoting a sense of belongingness and respect for different traditions. Our celebrations included various activities and festivities, creating a joyful and inclusive atmosphere at the workplace.

OPEN-DOOR COMMUNICATION:

Discussion of employee's ideas with senior management, contributing to the decision-making process

Transparent and open environment for all

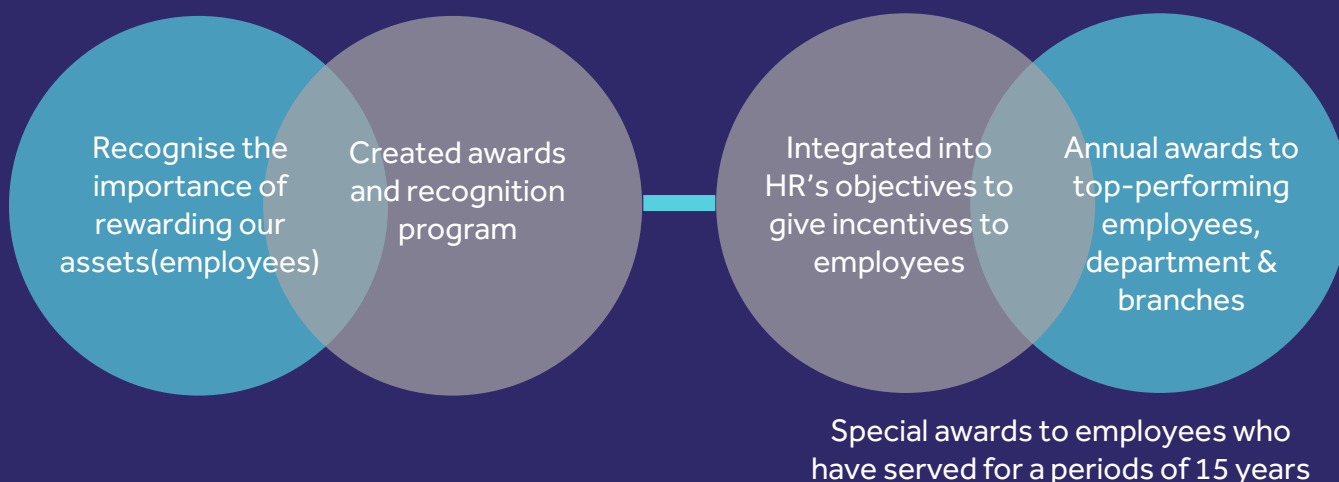

A recent example is the establishment of the “Go Green” initiative which encourages employees to submit ideas for creating a more sustainable workplace.

Internal Portal and Employee Self Service Mobile:

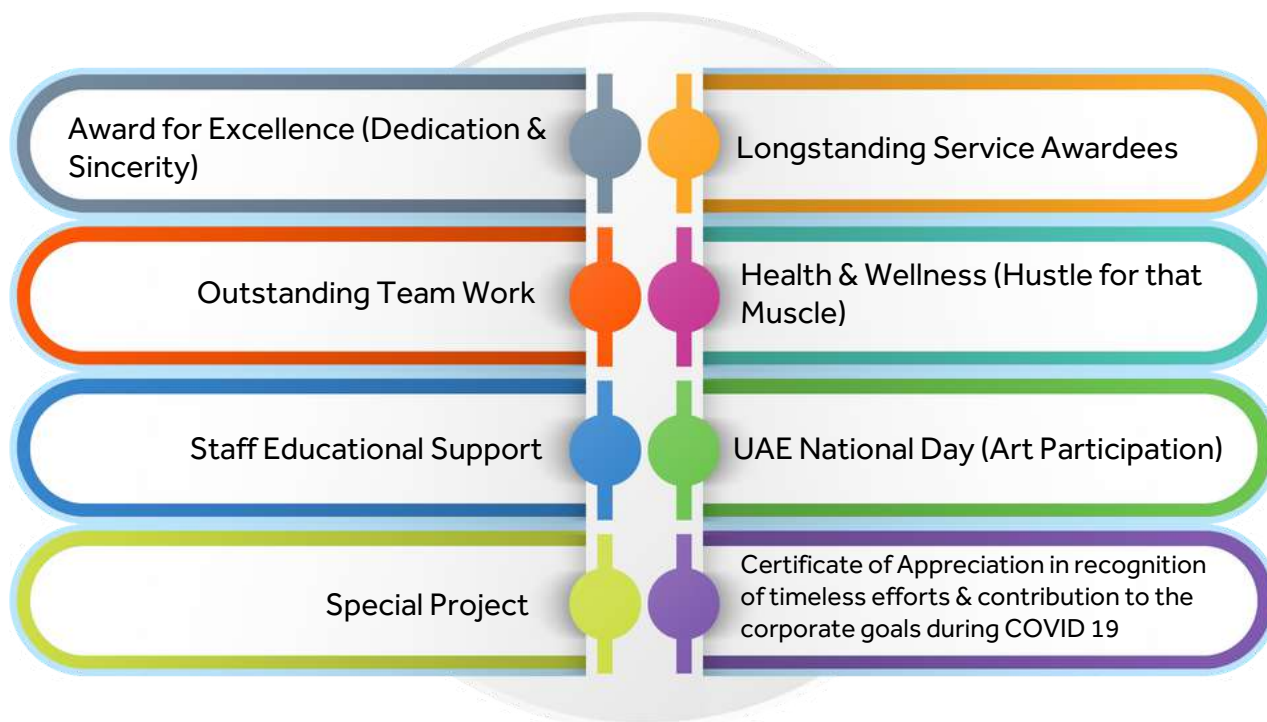

This initiative proved to be valuable especially during the pandemic when online communications were vital.

Awards & Recognitions:

AWARDS & RECOGNITION

Employee Satisfaction Surveys:

Company Events:

- Team building events that boosted company morale and creates a sense of inclusion among employees
- Though the pandemic brought a number of challenges, we managed to organise events and it has increased over the years

TRAINING AND DEVELOPMENT

- ✓ Our employees are our key assets and our goal is to provide quality services to customers and achieve organisational goals.
- ✓ We invest in continuous learning programs to keep our employees up-to-date with the latest industry trends, technologies, and best practices.
- ✓ These training programs not only help employees to improve their skills and knowledge but also foster a culture of innovation, collaboration, and growth.
- ✓ We aim to create a motivated and engaged workforce that is capable of providing exceptional customer service and driving business success.

DATA PRIVACY

We prioritise safeguarding customer privacy and data in the face of privacy challenges that come with digitalization. Our strong IT infrastructure is supported by robust governance mechanisms to protect both customer and employee data.

- Cybersecurity is managed by an Information Security Officer under the supervision of the Audit Committee.
- We have an Information Security Governance Committee composed of key members of the executive management namely CEO, CFO, COO, Manager – IT, Information Security Officer, Head – Internal Controls
- We are in full compliance with the Signals Intelligence Agency and Abu Dhabi Health Information and Cyber Security's requirements.
- We were the first UAE insurance company to become ISO 27001 certified, ensuring the company has necessary processes and procedures in place for information security, physical security, and business continuity.
- We are also ISO-IEC 27001: 2013 certified for our IT operations covering IT security and privacy.
- We have a Business Continuity & Disaster Recovery plan that provides backup for primary IT infrastructure in case of unforeseen events.

- We conduct comprehensive IT audits through an external consultant, vulnerability assessments, and penetration testing to test the efficacy of cyber defences, and maintain sufficient cyber insurance coverage.
- Our online privacy statements outline how we collect, use, and safeguard information gathered from the customers.
- We have voluntarily undergone external health checks to ensure adherence to local and international data privacy regulations and are constantly striving to improve existing practices and align with the best practices internationally.
- Our third-party security policy ensures that information processing facilities accessed, processed, communicated with, or managed by third parties are adequately secured.
- We run regular training and awareness sessions for employees on data security matters, conducting mandatory cybersecurity and data privacy training for all employees annually, with coverage during onboarding and induction processes.
- We have received no complaints concerning breaches of customer privacy or loss of customer data.
- We have been a forerunner in using technological innovations in optimising business processes and digitising its distribution channels providing a seamless experience to the customer right from the onboarding to the claims settlement stage.
- We employ state of the art security tools to safeguard customer data ensuring protection and privacy.

AWNIC's employees possess significant expertise and experience, which represents a critical component of the company's intellectual capital.

Our staff's knowledge and skills enable us to provide superior customer service and drive innovation.

We conduct regular training programs to enhance our employees' expertise and knowledge, ensuring that they remain up-to-date with the latest developments in the industry. AWNIC also encourages employees to participate in knowledge-sharing activities, such as conferences, seminars, and workshops.

We believe that our employees' collective knowledge and expertise are critical to maintaining our competitive advantage in the market.

CORPORATE GOVERNANCE

Management Approach-

Our service has been characterized by trustworthiness, good governance, and integrity for over 25 years. Our corporate governance policies protect the long-term interests of our partners.

BOARD COMMITTEES

**BOARD OF
DIRECTORS**

**OWNERSHIP
STRUCTURE**

01

We have set our sights on the relentless pursuit of applying policies derived from the rules and standards of institutional discipline in force in the UAE.

02

We believe that this will contribute to us achieving our goals in line with stakeholder's interests, increasing sustainable value for them.

03

This also includes the customers and employees interest to enhance the elements of the control environment and ensure compliance with transparency, standards accountability, responsibility and disclosure in order to preserve the integrity of the work as this is what the Board of Directors and the Executive Management do and keen to implement.

BOARD OF DIRECTORS

The Board of Directors focus on the issue of corporate governance and discipline through its committees

They supervise our management and implementation of the responsibilities and duties entrusted to it through its powers

They also supervise the implementation and development of our policies and procedures to ensure efficiency and effectiveness of our internal controls.

- ✓ This plays a crucial role in ensuring that we operate with integrity, transparency, and accountability
- ✓ The Board of Directors follow up on the Audit Committee and Nomination & Remuneration Committees in accordance with the governance regulations
- ✓ They also ensure shareholders' rights by maximising the profitability of the company.

Composition of the Board

Our Board is composed of a diverse group of individuals with complementary skills and backgrounds

Our Board consists of **nine board members, seven of whom are independent**

who have extensive experience and expertise in their respective fields.

Woman's representation

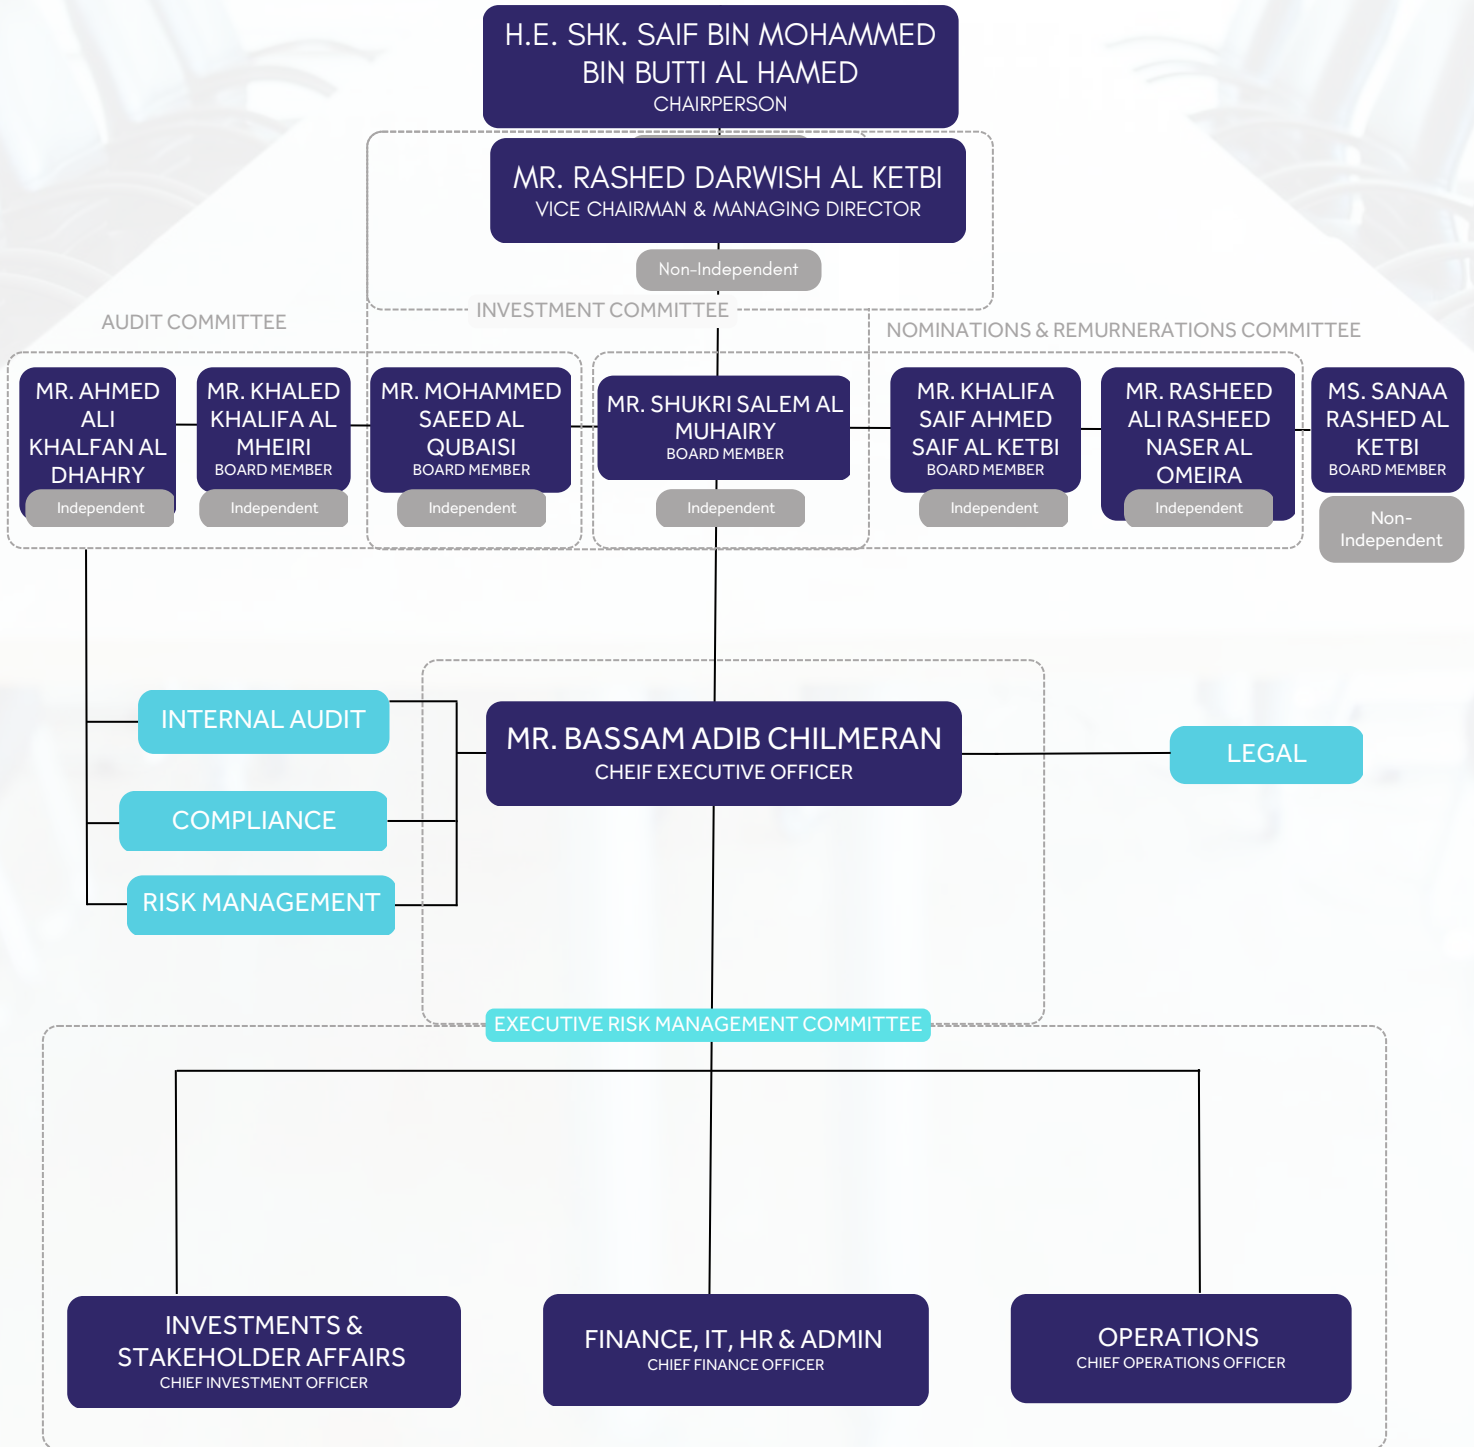

In 2022, women represented

 **11%**
of the Company's Board membership

Our CEO Pay ratio is as per industry standards.

ENTERPRISE RISK MANAGEMENT

Management Approach-

In order to ensure the sustainability of our business, enterprise risk management is an integral aspect of our Corporate Governance process.

RISK MANAGEMENT

RISK GOVERNANCE

MISSION AND OBJECTIVES OF RISK MANAGEMENT

- We recognize that effective risk management is critical to achieving our strategic objectives and maintaining the trust of our stakeholders.
- We have established a comprehensive Enterprise Risk Management (ERM) framework that helps us identify, assess, mitigate, and monitor risks across the organisation.

- Our mission for risk management is to ensure that we have a robust and integrated risk management process that aligns with our business strategy and objectives, and supports our ability to create sustainable value for our stakeholders.
- The internal audit identifies the risks and their significance, as they audit the internal divisions and internal departments based on the annual plan projected.
- The internal audit function makes recommendations through the internal audit reports to discuss with the audit and senior management committee for managing these risks.
- Moreover, our data is analysed, and detailed reports are issued.
- In these reports, specific risks are recognized throughout, as well as what should be avoided and ways to address these issues identified.
- The strategy aims at covering all types of risks that will be insured in terms of risk type and value, as well as type of insured sector and geographic boundaries.

To achieve this mission, our objectives for risk management are:

- ✓ To identify and assess risks that may impact the achievement of our strategic objectives and goals.
- ✓ To implement appropriate risk mitigation measures that are in line with our risk appetite and tolerance levels.
- ✓ To ensure that risks are monitored and reported effectively to enable timely decision-making and action.
- ✓ To foster a risk-aware culture across our organisation by providing training and awareness programs to employees and stakeholders.
- ✓ To achieve these objectives, we have established a Risk Management Committee (RMC) that oversees the implementation of our ERM framework.
- ✓ The RMC consists of senior executives from various business units who are responsible for identifying and assessing risks, developing mitigation strategies, and monitoring the effectiveness of our risk management process.

We believe that our ERM framework and risk management objectives are critical to creating sustainable value for our stakeholders and ensuring the long-term success of our business.

RISK MANAGEMENT POLICY

- This policy sets out our risk management (RM) which is exercised across our organisation and defines the risk management principles and guidelines with which we need to comply.
- The policy stipulates the basic processes of the company wide framework for risk management and defines the categories of risks which the divisions should identify and approaches to managing them.
- We take risks inherent to our strategy in order to achieve our objectives and to deliver operational excellence for all stakeholders.
- As a basis for risk management, a risk management policy has been created for AWNIC and approved by the Management and Board.
- The policy is based on the board approved annual business plan and three years strategy. The policy is reviewed by the Management and Board annually.

RISK MANAGEMENT FRAMEWORK

Risk is the main cause of uncertainty in any organisation. We focus more on identifying risks and managing them before they affect the business.

We aim to have a common, formalised and systematic approach for managing risks across the operations.

We also encourage divisions to apply the best-practice techniques, share knowledge and experience, and increase transparency on the key risks to the shareholders to the extent possible.

This approach increases risk awareness, ensures the appropriate management of risks as part of the daily management activities, and makes the division risk profiles transparent.

The ability to manage risk helps us to overlook prospective business decisions & provide expediences to capitalise on alternatives to deal with potential glitches.

A business will necessarily bear losses from financial, operational and IT risks which may manifest themselves either as reductions in income or directly or indirectly as operating or opportunity costs.

We have a clear risk management framework, the key objective of which is to identify and manage risk within a board-approved risk appetite.

Our risk management system ensures that the risks relevant to us are identified and evaluated in advance and any necessary proactive measures to minimise the risk are initiated.

ERM FRAMEWORK

Risk Management Structure

We have an elaborate risk management structure in our risk policy.

ROLES AND RESPONSIBILITIES

Risk Management function is carried under the direct supervision of the board. The implementation of risk management is the primary responsibility of the following-

Board & Audit Committee Responsibilities:

INTERNAL CONTROLS DEPARTMENT & MANAGEMENT:

- Responsible for our risk management policy and related manual and execution.
- Review the risk tolerance statements presented by the division managers and formulate the corporate risk appetite and risk tolerance and present the same for Board approval.

- Review the division risk reporting critically and provide feedback.
- Ensure that the appropriate structure, processes, and competences are in place in order to address the requirements set out in this RM policy and related manual.
- The Internal Controls department is responsible for performing risk based audits and corporate governance compliance reviews.
- On risk identification, risk improvement / mitigation recommendations will be provided to the division managers and top management.
- The Internal Controls department is responsible for updating and advising the division managers and Management about the changes in Law and regulatory requirements and its implications on our operations.
- Report to the Board and audit committee on risks.

Review Committees:

- Discuss on specific risks presented by the divisions and advice in decision making.
- Perform actuarial reviews of technical provisions, experience analysis, asset allocation, reinsurance structure and report to the management on the deviations from the risk appetite.
- Ensure that the reviewed & discussed specific risks are incorporated in the meeting minutes.
- Provide the management timely reports in respect of the above.
- Review the quality of risk management within the divisions.
- Coordinate and facilitate the Internal Controls department with the risk reviews performed by the committee.

OPERATIONAL & SUPPORT DIVISION MANAGEMENT:

- Implement the risk management policy and related division risk manual within the division.
- Develop and review the division's risk appetite and related risk tolerance in line with the corporate risk tolerance.
- Ensure (project) risks are identified, assessed, managed and reported as described in this RM Policy and the related Division Risk Manuals and procedures. Operational division needs to provide the Management with weekly reports on the division performance and major risk acceptance and implications.
- The support division provides the management with the monthly financial statement analysis (detailing performance at corporate level, department / division level).
- The details division management provides details on the risks that contributed to the difference between expected revenue/profit and actual revenue/profit.

KEY ELEMENTS OF RISK MANAGEMENT

Risk management is an essential aspect of our business, and we have a robust framework in place to identify, assess, and manage various types of risks.

Our risk management framework comprises the following components:

Risk Governance:

We have established a Risk Management Committee that oversees the risk management process and ensures alignment with our overall strategic objectives.

Risk Identification:

We employ various techniques to identify potential risks, including scenario analysis, risk mapping, and internal and external risk assessments.

Risk Assessment:

We use a comprehensive risk assessment process that considers both the likelihood and impact of each risk. The process involves the use of risk heat maps and risk registers to facilitate monitoring and management of identified risks.

Risk Mitigation:

We have implemented risk mitigation measures to manage identified risks effectively. These measures include risk transfer through insurance, risk avoidance, risk reduction, and risk acceptance.

Risk Monitoring and Reporting:

We continuously monitor and review identified risks to ensure their effective management. We report the status of risk management to the Board of Directors and other stakeholders through regular risk management reports.

Our mission in risk management is to identify and assess potential risks to our business operations and create a framework for managing these risks that aligns with our strategic objectives. We recognize that managing risks is critical to maintaining the sustainability of our business, and we are committed to ensuring that our risk management framework remains effective and relevant in a changing environment.

Through our robust risk management framework, we aim to ensure that our operations are sustainable and that we are well-positioned to achieve our strategic objectives.

RISK GOVERNANCE

Risk governance is an integral part of our Enterprise Risk Management (ERM) strategy. We are committed to implementing best practices in risk management to ensure the protection of its stakeholders and assets. Our Board of Directors is responsible for overseeing the risk management process and ensuring that it is aligned with the company's overall strategy and objectives.

To achieve effective risk governance, we have implemented the following measures:

Risk Appetite and Tolerance:

AWNIC has established a clear risk appetite and tolerance framework to guide its decision-making process. The company regularly monitors and reviews its risk exposure to ensure that it is within acceptable levels.

AWNIC aims to be risk aware, but not overly risk averse. We are constantly aware of potential risks and opportunities within an individual area. We aim to actively avoid risks that could:

Management at the appropriate organisational level will establish risk responses as required to achieve the corporate objectives. The responses are within division risk tolerance levels, which are formulated and regularly updated by management.

Individual risk category wise risk appetite and tolerance limits are articulated in the risk register

Risk Management Roles and Responsibilities:

We have clearly defined the roles and responsibilities of all stakeholders involved in the risk management process. This includes the board of directors, executive management, risk management committees, and individual employees.

Risk Management Policies and Procedures:

We have developed a comprehensive set of risk management policies and procedures that are regularly reviewed and updated. These policies and procedures cover all areas of the business, including operational, financial, legal, reputational, and strategic risks.

Risk Management Culture:

We have established a risk-aware culture that encourages employees to identify and report risks. The company provides regular training and awareness programs to ensure that employees are equipped with the necessary skills to manage risks effectively.

Risk Reporting and Monitoring:

We have implemented a robust risk reporting and monitoring system that enables the timely identification and reporting of risks. We review and analyse risk data timely to ensure that appropriate actions are taken to mitigate risks.

By implementing these measures, we ensure that its risk management process is aligned with our strategic objectives and that it is well-governed, transparent, and accountable. We believe that effective risk governance is essential to its long-term success and sustainability.

ANALYSIS BY RISK TYPE

We believe in proactively identifying and managing risks that could potentially impact our business objectives. As part of our Enterprise Risk Management (ERM) framework, we conduct a thorough analysis of various risk types that we may encounter.

Operational Risks:

Operational risks are those risks that arise from the execution of our day-to-day operations. We have implemented strong internal controls, processes and procedures to mitigate these risks. Our focus is to ensure that our employees are well-trained, and we have implemented regular monitoring and testing of our controls to minimise operational risks.

Market Risks:

Market risks arise from adverse market movements or changes in market conditions. We manage market risks through a combination of diversification, hedging strategies and active monitoring of market trends. We also maintain adequate liquidity levels to mitigate the impact of market volatility.

Credit Risks:

Credit risk is the risk that a customer or counterparty may default on their financial obligations. We have implemented a credit risk management framework that includes robust credit assessment, monitoring and reporting mechanisms. Our focus is on maintaining a diversified portfolio and adhering to strict credit underwriting standards.

Reputational Risks:

Reputational risk is the risk of negative impact to our brand and reputation. We have a strong focus on maintaining our reputation by conducting business with integrity and transparency. We have implemented rigorous compliance frameworks and training programs to ensure that our employees adhere to high ethical standards.

Financial Risks:

Financial risks arise from changes in interest rates, currency fluctuations, liquidity risk and other factors that could impact our financial performance. We manage financial risks through a combination of active monitoring and hedging strategies to mitigate their impact on our business.

RISK RESPONSE-

On risk assessment and determination of its impact on our operations; the response to such futuristic risk will then be categorised as below:

Risk Avoidance

Risk Sharing

Risk Reduction

Risk
Acceptance

RISK RESPONSE MECHANISM-

Through measurement tools identified risks are reported to the management and Board with the response received from the division managers / review committees

The various subcommittees (ex: reinsurance, remuneration, investment, claims, system review committee) plays an important role in identifying the opportunities from the risks identified and suggests plans to capitalise those in order to benefit the company.

Internal controls department advises on the possible new risks for the business and also recommends various ways in which risks could be measured.

Our management information system/ IT plays an active role in planning appropriate strategies for measured risks and also to monitor the effectiveness of the strategies implemented during the whole period.

Internal controls department conducts follow up internal audits / actuarial reviews to ensure execution of the agreed risk management recommendations

Our comprehensive risk management framework is designed to identify, assess, monitor and manage risks across our business. By proactively managing risks, we are able to minimise their impact on our business objectives and ensure the sustainable growth of our company.
